**High Specification Memory Foam Mattress**

with side formers for patients at **High Risk** of developing pressure damage.

Together we **will** make an  **essential** difference

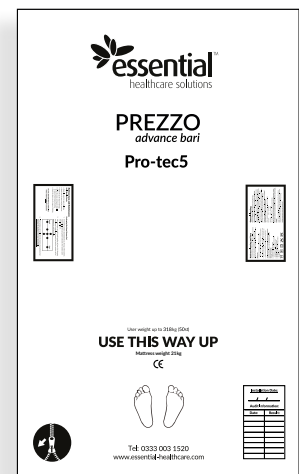

# PREZZO *advance bari*

**PREZZO *advance bari*** high specification memory foam mattress with side formers for patients at **High Risk** of developing pressure damage weighing up to 318kg (50 stone).

**PREZZO *advance bari*** high specification memory foam mattress is constructed with 48kg density visco elastic-foam which **exceeds BHTA guidelines** for a high specification foam mattress.

Temperature sensitive foam conforms to the contours of the patient, increasing the contact area, delivering effective pressure redistribution and exceptional patient comfort.

The mattress is constructed with a foam “U”core providing side formers which ensure increased stability and support when transferring from the mattress.

## PREZZO *advance bari*

**Pro-tec5** cover is a 5 layer multi-stretch, waterproof, vapour permeable, polyurethane fabric with high frequency welded seams and a fluid ingress protection flap along the length of the zip. The mattress cover is compatible with Sodium Hypochlorite 10,000 ppm and can be laundered up to 95°C.
